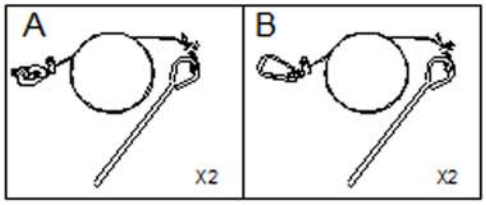
User guide

celexon support guy-line set for celexon folding frame screen ‘Mobile Expert’

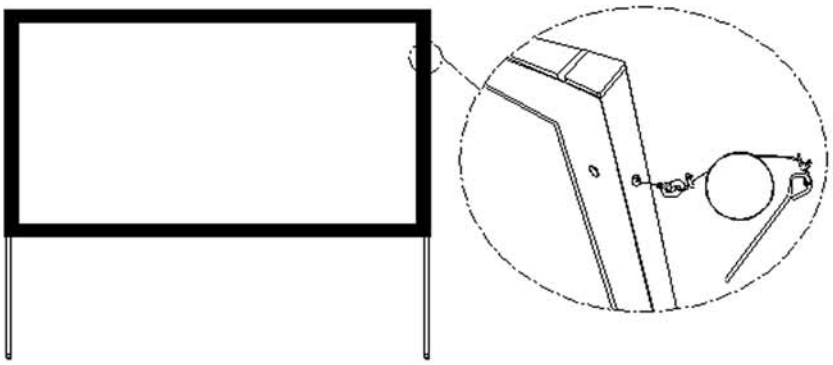
Scope of delivery



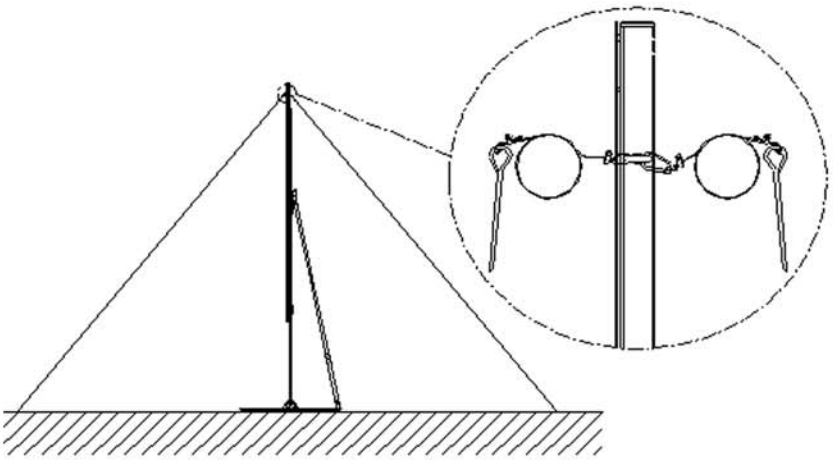
Please note: the screen is not included.

Installation

1 Secure the eyelet (A) to the frame as shown in the picture below.



2 Secure the carabiner hook to the eyelet and peg both guy-lines into the ground. The guy-lines must be slightly tensioned but not too much.



Please note:
Do not install across walkways (trip hazard). If in doubt, attach red flags to the guy-lines to attract attention.
