

## Smart ideas for the bigger picture.

celexon - your specialist  
for home cinema and AV solutions

### PRODUCT DESCRIPTION

The CLR (ceiling light rejecting) fixed frame screen from the celexon HomeCinema series is a high-contrast screen specially optimised for ultra-short-throw (UST) projectors. It combines the advantages of current displays with the size of a projection screen. The specially developed "retroreflective" projection screen provides for daylight or ambient light conditions for previously unprecedented contrast, black level, brightness and vivid colours. With these qualities, the dream comes true - A projection screen can be your TV replacement!

### KEY FEATURES

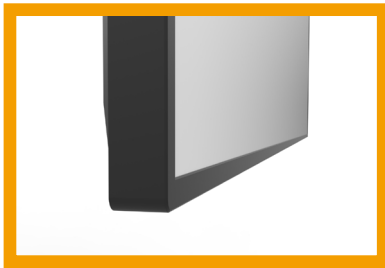

- High quality processed, matt black aluminum frame
- Very slim "display design" - only 12mm frame visible on each side
- Type of fabric: celexon CLR UST with 0.6 gain at 175° viewing angle
- Multi-layer PET cloth with a directional reflective coating
- Fully 4k UHD capable, Active 3D compatible
- Boosts the in-picture contrast up to 100x compared to standard matt-white screens
- Specially optimised and only suitable for ultra-short throw projectors
- Waterproof - Anti mould coating, wet cloth to clean.
- Permanently and perfectly tensioned cloth, with back spring tension system
- Simple, classic mounting of the frame (bolted L-angle connector system)
- Easy wall mounting
- REACH, ROHS, free of formaldehyde's & toluene

### TECHNICAL DATA

Format	Product description	Viewing area	Diagonal	Net weight	EAN
		W x H	Inch		
16:9	220 x 124 cm	220 x 124 cm	100"	15 kg	4260094739811
	265 x 149 cm	265 x 149 cm	120"	18 kg	4260094739828

The dimensions provided are the mean values of the production units. Very slight deviations may be possible. Due to continuous technical improvements, we reserve the right to change design and specifications without prior notice.
